Only 50 Cents. During the Campaign for the Weekly, or One Dollar for One Year.

We wish to extend the circulation of the Journal-particularly of the Weekly-and will send it to subscribers, singly or in clubs, IF YOUR HAIR IS GRAY, for the low price of fifty cents (in advance) for the campaign, extending until the re of the Presidential election are put-

tished next November. The Journal, as will be noticed by the names at the head of our columns, advocates the People's Ticket, led on by ABRAM LINcons, of Illinois. We intend, also, to do all in our power for the success of the State ticket at the head of which is HENRY S. LANE. We believe that it is high time that the people were arising in their might and routing from power the present party, which in consequence of long-continued success has become hopelessly corrupt and tyrannical; and installing in its place honest and conscientious men, fresh from the people and acquainted with their needs and desires.

The Journal will endeavor, fairly and courteously, to urge the claims of Lincoln AND HAMLIN on the people of this section of country, and in so doing we ask the support of all who favor the dissemination of true republican principles.

Besides the large amount of Political intelligence which we shall give our readers, the Markets, Literature, Business Affairs, and everything else of general interest shall receive due attention. We give Exclusive Telegraphic Dispatches, ahead of all other papers in "the Pocket," and shall continue to do so. We publish the latest telegraphic news before it can possibly reach our readers through any other medium!

The undersigned therefore call upon the Opposition in " the Pocket" to exert themselves to sustain their organ. "Strengthen our hands," and we shall be all the more able to strengthen your cause. Let each opponent of Lecomptonism get us one subscriber and we shall be satisfied; more will not be unacceptable.

Send on the names and the money, and we guarantee the worth of it. EVANSVILLE JOURNAL CO.

THE CHICAGO PLATFORM,

AS ANEXDED AND ADDITED.

Besolved, That we, the delegated representatives of the Republican electors of the United States, in Couvention assembled, in the discharge of the duty we owe to our com tituents and our country, unite in the following declarations:

1st. That the history of the nation during the last four years, has fully established the propriety and necessity of the organization and perpetuation of the Republican party; and that the causes which called it into existence are permanent in their nature, and now, more than ever before, demand its peaceful and constitutional triumph.

peaceful and constitutional triumph.

2. That the maintenance of the principles promulgated in the Declaration of Independence and embodied in the Federal Constitution - "That all embodied in the Federal Constitution - "That all men are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, and the pursuit of happiness; that to secure these rights, governments are methiated smong men, deriving their just powers from the consent of the governed "-is essential to the preservation of our Republican institutions; and that the Federal Constitution, the Rights of the States, and the Union of the States must and thall be preserved. hall be preserved.

3. That to the Union of the States this nation

3. That to the Union of the States this nation wealts unprecedented increase in population, its supprising development of naterial resources, its spid augmentation of wealth, its happiness at some and its honor abroad; and we hold in absorvance all schemes for Disunion, come from whatfor source they may: And we congratulate the country that no Republican member of Cougress has uttored or countenanced the threats of Disnion so often made by Democratic numbers, without relutke and with applause from their political sociates; and we denounce those threats of disnion, in case of a popular overthrow of their assendency as denying the vital principles of a free overtunent, and as an avowal of contemplated reason, which it is the imperative duty of an inignant People sternly to rebuke and forever since

4. That the maintenance inviolate of the Rights i the States, and especially the right of each State order and control its own domestic institutions coording to sta own judgment exclusively, is es-satial to that balance of powers on which the per-scrion and endurance of our political fabric de-ends; and we demounce the lawless invasion by tuned force of the soil of any State or Territory, matter under what pretext, as among the gravest i crimes.

f crimes,

5. That the present Democratic Administration as far exceeded our worst apprehensions, in its iessureless subserviency to the exactions of a seconsi interest, as especially evinced in its desperies exertions to force the infamous Lecompton Continuion upon the protesting people of Kausas; in astruing the personal relation between master adservant to involve an unqualified property in resons; in its attempted enforcement, everywhere I land and sea, through the intervention of Concess and of the Federal Courts, of the extreme retensions of a purely local interest; and in its meral and unvarying abuse of the power intrusted it by a confiding people.

stitical hereay, at variance with the explicit pro-sions of that instrument itself, with contempora-ous exposition, and with legislative and judicial scelent; is revolutionary in its tendency, and bversive of the peace and harmony of the country. 3. That the normal condition of all the Territory the United States is that of freedom: That as a Republican fathers, when they had abolished vary is all our national conditions. r Republican fathers, when they had abolished very in all our national territory, ordained that no person should be deprived of life, liberty, or perty, without due process of law," it becomes a duty, by legislation, whenever such legislation becessary, to maintain this provision of the Conntion against all attempts to violate it; and we sy the authority of Congress, of a territorial legislature, or of any individuals, to give legal exists to Slavery in any Territory of the United test.

That we brand the recent re-opening of the ican Slave-Trade, under the cover of our Nanal Flag, aided by perversions of judicial power, a crime against Humanity and a burning slame our Country and Age; and we call upon Congress take prompt and efficient measures for the total i final suppression of that execrable traffic.

10. That in the recent vetoes, by their Federal Governors, of the acts of the Legislatures of Kansas and Nebraska, prohibiting Slavery in those Territories, we find a practical illustration of the boasted Democratic principle of Non-Intervention and Popular Sovereignty embodied in the Kansas-Nebraska bill, and a demonstration of the desoption and frami involved interim.

11. That Kansas should, of right, be immediately admitted as a State under the Constitution recently formed and adopted by her people, and accepted by the House of Representatives.

12. That, while providing revenue for the support of the general government by duties upon im-

port of the general government by duties upon imports, sound policy requires such an adjustment of

these imposts as to encourage the development of the industrial interests of the whole country; and the industrial interests of the whole country; and we commend that policy of national exchanges, which secures to the working men liberal wages, to agriculture remunerating prices, to mechanics and manufacturers an adequate reward for their skill, labor, and enterprise, and to the nation commercial prosperity and independence.

13. That we protest against any sale or alienation to others of the Public Lands hold by actual settlers, and against any view of the Fice Homestead policy which regards the settlers as paupers or suppliants for purific bountry; and we domaind the passage by Congress of the complete and satisfactory Homestead measure which has already passed the House.

14. That the Republican party is opposed to any change in our Naturalization Laws, or any State legislation by which the rights of citizenship hitherite accorded to immigrants from foreign lands shall be abridged or impaired; and in favor of giv-

shall be abridged or impaired; and in favor of giving a full and efficient protection to the rights of all classes of citizens, whether native or naturalized, both at home and abroad.

15. That appropriations by Congress for River and Harbor improvements of a National character, required for the accommodation and security of an existing commerce, are authorized by the Constitution, and justified by the obligation of Government to protect the lives and protectly of its citizens.

Judson's MOUNTAIN HERB PILLS. Above we present you with a perfect likeness of fexuce, a chief of a tribe of the strange Aztec Nation, that once ruled Mexico. You will find a full account of him in our pamphlets and Almanac-

account of him in our pamphlets and Almanacs— to be had gratis from the Agents for these Pills.

The inventor and manufacturer of "Judson's.

Mountain Herb Pills" has spent the greater part of his life in traveling, having visited nearly every country in the world. He spent over six years among the Indians of the Rocky Mountains and of Mexico, and it was thus that the "Mountain Herb Pills."

Mexics, and it was thus that the "Mountain Herb Pills" were discovered. A very interesting account of his adventures there you will find in our Almanace and Pamphlets. It is an established fact that all discuss arise from IMPURE ELOOD!

The blood is the life; and when any foreign or unhealthy matter gets mixed with it, it is at once distirbuted to every organ of the body. Every herve feels the poison, and all the vital organs; quickly complain. The stomach will not digest the food perfectly. The liver ceases to secrete a sufficienty of bile. The action of the heart is weakened, and so the circulation is weakened. The lungs become clogged with the poisonous matter; hence, a cough—and all from a slight impurity at the fountain head of life—the Blood! As if you had thrown some earth, for instance, in a pure spring, from which ran a tiny rivulet—in a few minutes the whole course of the stream becomes disturbed from which ran a tiny ravulat—in a few minutes the whole course of the stream becomes disturbed and discolored. As quickly does impure blood fly to every part, and leave its sting behind. All the passages become obstructed, and unless the obstruction is removed, the lamp of life soon dies out. These Pills tot only purify the blood, but regenerate all the secretions of the body. They are, therefore, unrivaled as a CURE FOR BILIOUS DISEASES.

Complaints, Lowness of Spirits, Stone and Gravel, Piles, and Secondary Symptoms. GREAT FEMALE MEDICINE!

Females who vaine health, should never be without these Pills. They purify the blood, remove obstructions of all kinds, cleanes the skin of all pimples and blotches, and bring the rich color of health to the pale cheek.

The plants and heriss of which these Pills are made, were discovered, in a very surprising way, among the Texasaus, a tribs of Aberigines in Mexico. Get the Almanac of our Agent, and you will read with delight the very interesting account it contains of the "Grest Medicine" of the Artiss. OBSERVE.—The Mountain Herb Pills are put up

in a beautiful wrapper. Each Box contains 40 pills, and Retail at 25 cents per box. All genuine have the signature of R. L. Judson & Co., on each box. For sale in Evansville by Keller & White, Leich & Carlstedt, W. S. Thompson, and Bierhower & B. L. JUDSON & CO.
